

Roman Shades

The information and advice included in this brochure has been prepared with care. However, we are unable to accept responsibility for the results of or any damage caused during operation.

As with all textiles, Luxaflex® fabrics are subject to some variations. Slight wrinkling, puckering or bowing is inherent in textile products and should be considered normal, acceptable quality. Precautions should be taken to reduce exposure to harsh environmental elements, such as salt air. Continuous exposure through open windows and doors will accelerate the fabric deterioration. Additionally, there will be slight differences in pattern alignment from the fabric on the rails to the fabric of the shade, which do not detract from the product's appeal. Variations in colour and/or pattern irregularities are unique characteristics that contribute to the classic beauty of a shade.

Welcome to the Luxaflex lifestyle

Thank you for purchasing Luxaflex® Roman Shades. With proper operation and care your new blinds will provide years of beauty and performance. Please review this instruction booklet thoroughly for operation and care information.

Operation

Cord operation

To lower the shade:

Simply pull the cords towards the centre of the shade together and gently lower.

To raise the shade:

Pull the lift cord down together and towards the centre of the shade. To lock off in any position, simply move the cord to the outer edge to engage the cord lock.

Motorised operation

For motorisation information, please refer to SOMFY®, Merger® or PowerView® product brochure that is supplied with your shades.

Care and cleaning

Roman Shades are durable but periodic cleaning is recommended to help keep the shade looking like new.

Routine maintenance

Dusting

Surface dust may be removed with a gentle brush, feather duster or clean dry cloth.

Spot cleaning

It is recommended that stains and spills are attended to promptly. Simply wipe the fabric with a sponge and lukewarm water. If marks are still visible, add a little mild detergent and gently dry with a clean cloth. For removal of dirt and grime, an art gum rubber is excellent for cleaning small marks.
